Hi Abigail,

Your QER shows that you have provided "contracted residential care."
However, if I understand your organization's operations correctly, you provide those services directly yourselves, not by contracting through another provider. Therefore, your QER needs to show the costs your organization incurred to provide that care directly rather than as a contracted service. If you have questions about how that is supposed to be reflected on your QER, please give Joy a call. Her number is (573) 751-7027.

Thanks,

Emily Kraft
